Workshop for Registrars

Convenors – Dr Sophie Corbett-Burns, Dr Kambin Nejad, Dr Anita Muljono

Douglass Hanly Moir Pathology supported by the Royal College of Pathologists of Australasia presents **Yardsticks in Surgical Pathology**

The course is designed for registrars in Anatomical Pathology. It will be held on **January 19-20, 2019**, commencing at 8.30am on Saturday at Douglass Hanly Moir Pathology, Macquarie Park. Attendees should arrive 15 minutes earlier to pick up their welcome pack and to set up. Onsite parking is available. The course will be highly interactive and include microscopic cases and lectures, followed by discussion of relevant, common and some unusual but important cases in surgical pathology.

Objectives

The course is designed to be relevant to different year groups, from beginners (completed first year, not doing exams) to pre-Part 1 (preparing for Part 1 exam) and pre-Part 2 (preparing for Part 2 exam), to overseas-trained specialists.

- 1) To provide a realistic approach for registrars to evaluate their levels of knowledge and progress in training.
- 2) To provide a realistic approach for overseas-trained specialists who have joined, or hope to join, the RCPA training program.
- 3) To assist registrars in developing an effective approach to unknown slides.
- 4) To discuss strategies to expand diagnostic and reporting skills.
- 5) To expose registrars to more virtual microscopy slides and cytology.

Course outline

- › High-quality histology slides are presented and will be followed by an interactive discussion.

Course topics

- › Microscopic Sessions: All systems of surgical pathology, including soft tissue, bone and joints, neurology, endocrine, breast, gynae, skin, head and neck, prostate, urogenital, GIT and lymphoproliferative.
- › Virtual slides of small biopsies, frozen sections, immunohistochemistry stained slides and special histochemical stains. Gynae and non-gynae cytology slides.
- › Keynote Lectures
 - Day 1: 'Approach to Thyroid Nodules - New Theories and Concepts' - Dr Tina Baillie
 - Day 2: 'Approach to Prostate Cancer - The Nuts and Bolts in Conquering Prostate Carcinomas and Gradings' - Adj. Prof. Warick Delprado

Cost

The cost of the course will be \$500.00 per person (inc GST), including hire of microscope from DHM, or \$400.00 per person (inc GST), with microscope to be provided by participant.

Day 1

Saturday, January 19

Time	Session/Topic
8.30am-8.45am	Registration
8.45am-8.55am	Welcome – Dr Sophie Corbett-Burns
8.55am-9.15am	RCPA Expectations – Dr Kathy Robinson
9.15am-12.15pm	Slide Sessions (11.15am-12.15pm Beginners – Gynae cytology by Dr Patricia Guzman)
12.15pm-1.00pm	Lunch
1.00pm-2.00pm	Keynote Lecture 'Approach to Thyroid Nodules – New Theories and Concepts' – Dr Tina Baillie
2.00pm-4.00pm	Slide Reviews 1. Beginners Dr Oana Crainic/Dr Vallapan Thiruvilangam 2. Pre-Part 1 Dr Cathy Lim/Dr Laveniya Satgunaseelan 3. Pre-Part 2 (Virtual) Dr Kathleen Young/Dr Yasmin Matthews 4. Pre-Part 2 (Slides) Dr Alison Cheah
4.00pm-5.00pm	Evaluation – Dr Esther Myint

Day 2

Sunday, January 20

Time	Session/Topic
8.00am-11.00am	Slide Sessions (10.00am-11.00am Beginners – Non-gynae cytology by Dr Irene Ngu)
11.00am-12.00pm	Keynote Lecture 'Approach to Prostate Cancer – The Nuts and Bolts in Conquering Prostate Carcinomas and Grading' – Adj. Prof. Warick Delprado
12.00pm-12.40pm	Lunch
12.40pm-2.30pm	Slide Reviews 1. Beginners Dr Francesca D'Souza/Dr Sophie Corbett-Burns 2. Pre-Part 1 Dr Anita Muljono/Dr Kambin Nejad 3. Pre-Part 2 (Cytology) Dr Melanie Edwards/Dr Erin Morris 4. Pre-Part 2 (Slides) Dr Martin Jones/Dr Cristina Vargas
2.30pm-3.00pm	Finish
