Under the Skin

Workshop for Dermatology and Pathology Registrars

Presented by Douglass Hanly Moir Pathology and supported by The Skin Hospital, a division of the Skin & Cancer Foundation Australia.

Saturday May 12, 2018 | 8.15am–5.00pm

This course is designed for registrars in Dermatology and Anatomical Pathology.

It will be highly interactive and include microscopic cases and lectures, followed by discussion of relevant, common and some unusual but important cases in skin pathology. The course is convened by Dr Maddie Gorji, Dermatopathologist at Douglass Hanly Moir Pathology.

Objectives

The course is designed to be relevant to both dermatology and pathology registrars in different years of training and also overseas-trained specialists.

- 1) To provide a realistic approach for registrars to evaluate their levels of knowledge and progress in training and prepare dermatology registrars in their final year for the slide exam.
- 2) To assist registrars in developing an effective approach to unknown slides.
- 3) To discuss strategies to expand diagnostic and reporting skills.
- 4) To expose registrars to more virtual microscopy slides.

Course outline

- High-quality histology slide session followed by interactive discussions.
- Individual microscopes with loan slide sets will be provided.

Course topics

- Inflammatory and neoplastic skin conditions.
- Keynote Lectures
 - Lecture 1:** 'My Approach to Alopecia' – *Dr Vicki Howard*
 - Lecture 2:** 'Melanocytic Lesions' – *Prof. Simon Clark*
 - Lecture 3:** 'Molecular Genetics in Skin Conditions' – *Dr Kym Mina*

Cost

The cost of the course will be \$220.00 per person (inc GST).

Location

Douglass Hanly Moir Pathology
14 Giffnock Avenue, Macquarie Park NSW 2113
Onsite parking is available.

THE SKIN HOSPITAL

Course Program

Saturday May 12, 2018

Time

Session/Topic

8.15am-8.40am

Registration

8.40am-8.45am

Welcome and Overview

Dr Maddie Gorji

8.45am-9.15am

Keynote Lecture

'My Approach to Alopecia' - *Dr Vicki Howard*

9.15am-12noon

Slide Session

12noon-12.30pm

Lunch

12.30pm-1.00pm

Keynote Lecture

'Melanocytic Lesions' - *Prof. Simon Clark*

1.00pm-3.00pm

Slide Review - *Dr Maddie Gorji*

3.00pm-3.15pm

Afternoon Tea

3.15pm-3.30pm

Keynote Lecture

'Molecular Genetics in Skin Conditions' - *Dr Kym Mina*

3.30pm-5.00pm

Slide Review - *Dr Maddie Gorji*
